

# 'Susan Wood: On Location' Reception Celebrates Sag Harbor Cinema Exhibit

Cinematic history came alive as the doors swung open to unveil a new exhibit, showcasing the film-related mastery of the esteemed photographer Susan Wood. With a resumé adorned by her role as a prominent magazine photographer, Wood's lens not only graced glossy pages but also found itself wandering onto the sets of legendary 1960 films like *Easy Rider*, *Hatari!* and *Mirage*. A celebration of her remarkable endeavors, the reception for the exhibition, dubbed *Susan Wood: On Location*, brought enthusiasts to the inaugural evening on the Sag Harbor Cinema's third floor. The exhibit stands as a heartfelt tribute to the prowess of the Amagansett photographer, whose keen eye immortalized the behind-the-scenes magic that brings cinematic worlds to life.
